

Chassis MPO-HD 1U Q-Fiber

Description

MPO Chassis 1U Q-Fiber are rack boxes designed for mounting in a data communication by means of rack bolts. They have been designed to house from 4 modules (single). The module in the chassis is installed by means of a latching disc. Such solution facilitates very quick installation and dismantling of the ODF, without the need to use additional tools. The MPO-HD may be used for crossing fibre-optic cables, patchcords and pigtails. Thanks to its compact size it, permits a very efficient use of space inside the data communication cabinet.

Application

Telecommunication, CATV, PON, Industry, LAN, MAN, WAN.

Properties

- Made of 1,2 mm steel sheet,
- Possibility to mounting in a data communication cabinet,
